Subject: Hatco system restart
Date: Thursday, March 30, 2017 9:27:44 AM

Jim,

Yesterday we began our field efforts to restart the automated LNAPL recovery system at Hatco. This involves replacing lines and pump components and testing the system to ensure proper operations. I expect this work will continue until the middle of next week. Please let me know if you would like to come out and observe this work.

Thanks,

Jason
